To Whom It May Concern:

Re: NOVAPOL[®], SCLAIR[®], SURPASS[®] Polyethylene Resins—California Proposition 65 Status

This letter is in response to your request regarding the above.

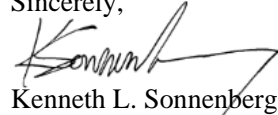

Please be advised that NOVAPOL, SCLAIR and SURPASS polyethylene resins and their components, as supplied by NOVA Chemicals Corporation, do not contain any reproductive toxins or carcinogenic substances, per the state listing of chemicals, as amended on May 25, 2018, that would require a warning under the California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65).

As noted below, we cannot however be held responsible for any subsequent addition of, or contamination with, any substances or materials listed in Proposition 65 which may occur during processing of the resins to produce finished articles, packaging materials, or their component(s).

This information is believed to be correct as of the date of this letter. However, since regulatory status is subject to change, we recommend that you contact us in one year's time to confirm the foregoing.

I trust this information will be sufficient for your needs. If you have questions regarding the above, contact me at (403) 750-3615 or by e-mail at ken.sonnenberg@novachem.com.

Sincerely,

Kenneth L. Sonnenberg, M.Sc.
Senior Advisor, Product Regulatory Compliance
Product Integrity
